

The main features of the new ASCG website “The voice that carries weight.” (Desktop version)

Landing page

- The landing page contains information about hot news, upcoming events/dates, contact details, and ASCG membership.
- The news archive can be accessed via the landing page or via the menu item NEWS / SERVICES.

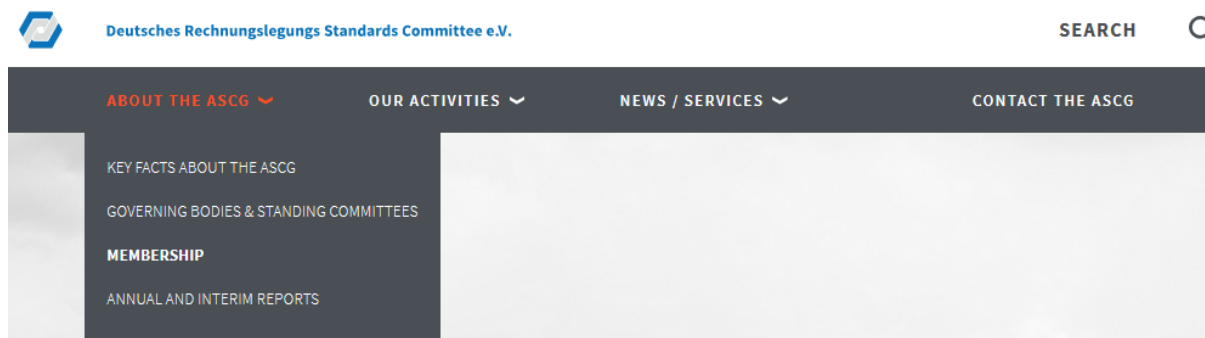

Top menu bar

- The top menu bar appears on all pages of our website with the result that you can easily change between sections of the website.
- The top menu items are ABOUT THE ASCG, OUR ACTIVITIES, and NEWS / SERVICES

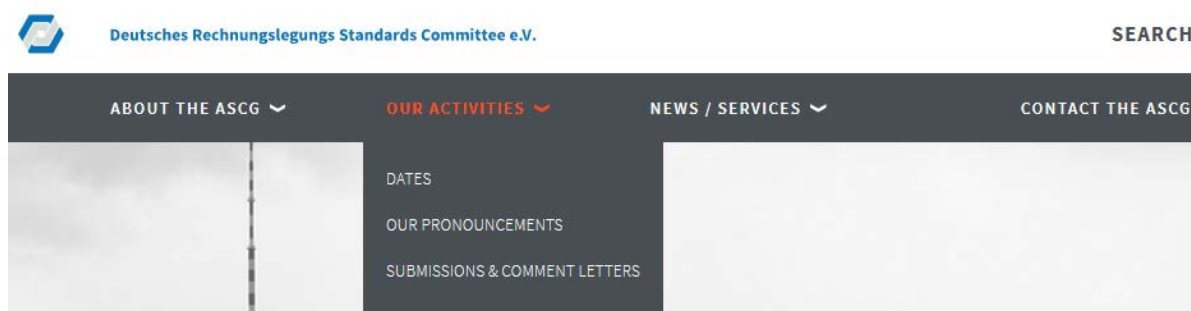

How to find certain content

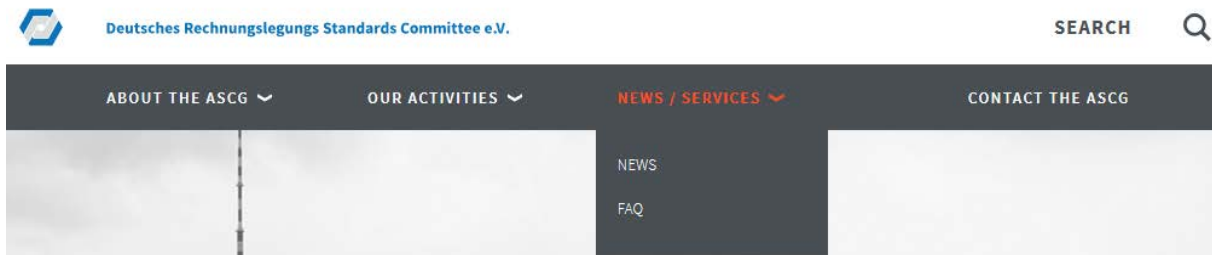

The menu item ABOUT THE ASCG provides information about the organisational structure of the ASCG (KEY FACTS... and GOVERNING BODIES), information about the membership as well as our quarterly and annual reports.

Information about our work, i.e. all upcoming and past events / dates (e.g. meetings of our Technical Committees) including meeting papers and minutes, pronouncements as well as comment letters received and submitted can be obtained in the section OUR ACTIVITIES.

The menu item NEWS / SERVICES contains the news archive and FAQs.

All news items that had previously been posted on our old website were migrated to the new website, starting with the news as of January 2015. All news items with an origination date before January 2015 will remain accessible through our old website (alt.drsc.de) and remain accessible until further notice. However, the content of the old website will not be updated anymore. Links on the old pages will not be maintained, either, and, thus, might not be working.

You can send us a message at any time via our contact form (menu item CONTACT THE ASCG) or by e-mail (info@drsc.de). In addition, you can subscribe to our newsletter on the footer of every page of our website.
