- 1 The following documents are available for this agenda item of the meeting:

Number	Title	Subject
15_13	15_13_FA-NB_ISSB AC_CN	Cover Note
15_13a	15_13a_FA-NB_ISSB AC_LS_Prä	Overview of the project status and preparatory work for response

Information status: 8.03.2023

2 Aim of the session

- 2 The Fachausschuss Nachhaltigkeitsberichterstattung (Technical Committee Sustainability Reporting) will be informed about the schedule and the current status of the IBB Agenda Consultation. The focus is on the expected contents of the agenda consultation.

3 Current status of the project

- 3 The IBB plans to publish a Request of Information in May 2023 to set its future agenda priorities. The structure and content of the Request of Information have already been discussed at the IBB meetings in July 2022, October 2022 and December 2022. The Request of Information refers to the IBB agenda for the next two years.
- 4 With the March 2023 Trustee meeting, a reduction in the comment period from 120 to 90 days is becoming apparent.

4 Other

- 5 Francesca Recanati (Senior Technical Manager at ISSB) will attend the meeting and support the presentation of the current project status. The agenda item will therefore be in English.
- 6 An [additional survey of German stakeholders](#) was initiated as part of the IASB's agenda consultation. The question arises as to whether a similar approach should be taken for the ISSB agenda consultation. The shortened comment period must be taken into account here.
